Subject: Re: Need to change date of Amphenol Site visit

Carolyn - one other clarification that will show up in the contingency planning section of the work plan. Amphenol has agreed to move forward with a design and installation of an "end of pipe" system to strip out any chlorinated compounds of concern as requested by the agency earlier. IWM has enlisted the aid of a third party to design a system adequate to the task. Once we have a design, we will submit it to the agency for review.

The work plan will specify this work will be done.

Subject: Need to change date of Amphenol Site visit

Joe and Brad,

With apologies, EPA must postpone the Site visit scheduled for August 2, 2018.

Would you be available the following week on any day Monday through Thursday?

I apologize for the inconvenience.

Thank you.

Carolyn
